	Autumn 1 Contrasting Locations		Spring 1 Physical Geography		Summer 1 Understanding the World	
Year 3	France: UK Comparison	Cornwall	Extreme Earth	The Earth		The Tropics
		Location of France		Volcanoes	Rainforests	Climate
		Physical Features		Earthquakes		Layers of the rainforest
		Human Features		Tsunamis		Plants and animals
		Food Tasting		Tornadoes		Life in the rainforest
		Tourism		Impacts on lives		Protecting the rainforests
		Autumn 1		Spring 1		Summer 1
Year 4	Edinburgh	Location	- Water	The water cycle		Hemispheres
		Climate		Clouds	All Around	Latitude and Longitude
		Landscape & physical features		Why do we need water?		Arctic and Antarctic
		Human features		Treating Water	the World	The Tropics
		Changes over time		Flooding		Prime Meridian
		Tourism impacts		Water pollution		Time Zones
		Autumn 1		Spring 1		Summer 1
		Autumn 1 Countries and Capitals		Spring 1 Mountain Regions		Summer 1 Resources for living
Year						
Year	Eastern	Countries and Capitals	Mountains	Mountain Regions	Enough	Resources for living
Year 5	Eastern Europe	Countries and Capitals Climates	Mountains	Mountain Regions UK Mountains Features of Mountains How are mountains made?	Enough for Everyone	Resources for living Electricity production Renewable & non-renewable Food consumption & production
		Countries and Capitals Climates Landscapes	Mountains	Mountain Regions UK Mountains Features of Mountains	for	Resources for living Electricity production Renewable & non-renewable Food consumption & production Carbon footprints
		Countries and Capitals Climates Landscapes Physical Features	Mountains	Mountain Regions UK Mountains Features of Mountains How are mountains made?	for	Resources for living Electricity production Renewable & non-renewable Food consumption & production
		Countries and Capitals Climates Landscapes Physical Features Human Features	Mountains	Mountain Regions UK Mountains Features of Mountains How are mountains made? Mountainous climates Tourism in the mountains Spring 1	for	Resources for living Electricity production Renewable & non-renewable Food consumption & production Carbon footprints Global impact & projects Summer 1
5		Countries and Capitals Climates Landscapes Physical Features Human Features Food	Mountains	Mountain Regions UK Mountains Features of Mountains How are mountains made? Mountainous climates Tourism in the mountains	for	Resources for living Electricity production Renewable & non-renewable Food consumption & production Carbon footprints Global impact & projects Summer 1 Weathering and Erosion
5		Countries and Capitals Climates Landscapes Physical Features Human Features Food Autumn 1	Mountains	Mountain Regions UK Mountains Features of Mountains How are mountains made? Mountainous climates Tourism in the mountains Spring 1 Rivers of the world Features of a river	for Everyone	Resources for living Electricity production Renewable & non-renewable Food consumption & production Carbon footprints Global impact & projects Summer 1 Weathering and Erosion Coastlines
5 Year	Europe	Countries and Capitals Climates Landscapes Physical Features Human Features Food Autumn 1 Countries and Capitals Climates Landscapes		Mountain Regions UK Mountains Features of Mountains How are mountains made? Mountainous climates Tourism in the mountains Spring 1 Rivers of the world Features of a river Erosion and deposition	for Everyone Our	Resources for living Electricity production Renewable & non-renewable Food consumption & production Carbon footprints Global impact & projects Summer 1 Weathering and Erosion
5	Europe	Countries and Capitals Climates Landscapes Physical Features Human Features Food Autumn 1 Countries and Capitals Climates Landscapes Physical Features	Mountains Rivers	Mountain Regions UK Mountains Features of Mountains How are mountains made? Mountainous climates Tourism in the mountains Spring 1 Rivers of the world Features of a river Erosion and deposition Shaping the landscape	for Everyone	Resources for living Electricity production Renewable & non-renewable Food consumption & production Carbon footprints Global impact & projects Summer 1 Weathering and Erosion Coastlines Boarders Landscapes
