## GOV3 Governors responsibilities around Relationships, Health and Sex Education

### Aimed at:

This course is aimed at governors who have responsibility for RSHE, PSHE, equality and diversity.

### The course will explore:

In 2019 the Dept for Education published new guidelines for 'Relationships, Sex and Health Education'. This is an important element of the education we provide our children, as governors we have a responsibility to ensure that our leaders are following the guidance, our staff are being supported to deliver high quality RSHE education, our parents are being consulted and our pupils are thriving.

In June 2021 Ofsted published a Review of sexual abuse in schools and noted that:

*'Children and young people were rarely positive about the RSHE they had received. They felt that it was too little, too late and that the curriculum was not equipping them with the information and advice they needed to navigate the reality of their lives. Because of these gaps, they told us they turned to social media or their peers to educate each other, which understandably made some feel resentful. As one girl put it, 'It shouldn't be our responsibility to educate boys'.'*

**This one-hour training session** is designed for governors and RSHE subject leaders to ensure that:

1. Governors understand the new requirements
2. Governors understand their responsibilities under the guidance
3. Governors consider how the RSHE curriculum is related to the ethos and culture of the school
4. Equality, diversity and inclusion responsibilities.

**As a governor, you will leave this training with some fresh ideas and a monitoring strategy which includes key questions to be asked**

This training will provide you with an overview of the key areas that you need to be aware of from a governance safeguarding perspective including preparation for Ofsted. It links to part two of Keeping Children Safe in Education (KCSIE) September 2021.

The course will help governors and board members to feel more confident in their role and responsibilities in relation to safeguarding. We will look at how you can demonstrate being 'a critical friend' to the school as well as ensuring you can evidence 'robust challenge'.

In being more effective in your role you will be better able to support the school/s and be a valued member of the safeguarding team within the school.

From an Ofsted perspective they will expect to see governors who can demonstrate a strong commitment and understanding of this role.

### Additional information:

All governors attending should have already completed single agency level 2 basic awareness training in safeguarding and child protection preferably from an education perspective.
